

E2 (HPV-16)

Cat No. : 01-13-0011

Product Name : E2 (HPV-16)

Type : Protein

Property : Purified recombinant protein

Origin :

Source : E.coli

Application : WB standard ¼ Ab ELISA ¼ immunogen ¼ etc.

Formulation : Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).

Purity : >95%

Storage : Store at -80Â°C ¼ Avoid freeze / thaw cycle.

Limitation : For research use only ¼ not for use in diagnostic procedures.

Note :
