

Core (HCV/Genotype-6a)

Cat No. : 01-15-0025

Product Name : Core (HCV/Genotype-6a)

Type : Protein

Property : Purified recombinant protein

Origin :

Source : E.coli

Application : WB standard / Ab ELISA / immunogen / etc.

Formulation : Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).

Purity : >95%

Storage : Store at -80°C / Avoid freeze / thaw cycle.

Limitation : For research use only / not for use in diagnostic procedures.

Note :
